

October is Red Cross Fund Drive Month

[By Harrison Goodhue, County Red Cross Chairman]

The gorgeous colors of Fall make October the most beautiful of all the months for those of us who live in our lovely North Michigan country.

But this October is a crisis period for American Red Cross. Financially, 1976 has been a disastrous year for this humanitarian organization, but, when weighed by accomplishments it has been a proud year for Red Cross.

Disastrous because American Red Cross has had to expend a staggering \$35 million in relief to disaster victims; the largest figure in its 95 year history.

A proud year because American Red Cross volunteers and staff have fed, sheltered and cared for disaster victims in every state in the Union and in such far flung locations as Guam and Guatemala. The catastrophes have ranged from earthquakes to typhoons, from tornadoes and floods to fires. Some of the disasters received prominence in press and TV, others were hardly reported. Typhoon Pamela which devastated the U.S. island of Guam left 20,000 families with severe losses. Red Cross flew in 74 relief specialists from the Mainland and Hawaii to assist Guam Red Cross Volunteers. The relief cost came to \$11 million in this case alone.

It will be months before the relief costs of the catastrophic floods in Colorado will be finally known.

The Disaster Reserve Funds of American Red Cross are exhausted. To help offset this year's drain, Red Cross is conducting a special fund campaign to raise an emergency \$10 million, but, it will be the success of this year's Annual Red Cross Fund Drive which will determine how well American Red Cross can re-establish its financial stability.

American Red Cross relief responsibilities are different than any other charitable organization in the United States. It's 1905 Charter from the Congress of the United States "requires" American Red Cross to "mitigate the sufferings" of natural calamities, just as it "requires" the American Red Cross to "provide financial and other assistance" to Servicemen and their families.

And, American Red Cross must raise and provide all the funds needed to accomplish these "required" responsibilities - no Federal, State or local tax monies are provided in any way to assist in accomplishing these lawful responsibilities.

Our Crawford County citizens remember well the magnificent and immediate response of American National Red Cross when the Tornado struck Frederic last year; and, we feel secure and confident that if catastrophe should strike again, American National Red Cross would again be here immediately with generous relief.

But, it is National's share of the Annual Red Cross Fund Drive in every County of this Nation that keeps it strong and ready to perform its relief and other missions.

You will be glad to know that Crawford County Chapter has fulfilled and sent its quota to American National Red Cross Special \$10 Million Disaster Fund Drive, but, it will be the degree of success of the October Fund Drive which will or will not put American National Red Cross back on its feet.

Last year our Good Neighbors in Crawford County gave \$3161. The least we need to provide this year is \$4000 - which would be \$1072 for National and \$2918 for our local chapter. A very modest amount for National when you recall that last year they provided almost \$5000 of relief for the Frederic tornado victims.

All our Good Neighbors who contributed to the fund drive last year will receive in a few days a letter and a return envelope for sending in your donation this year. Try, please, to add another third to your contribution. Help us do our share for American Red Cross.

And to those who have not contributed in the past, please support this most important of all National Charities. Don't forget, because of Red Cross as a citizen of Crawford County you are entitled to all the life saving blood you may need, no matter where you are in the domestic United States, free! That because of Red Cross if you have a serviceman in your family, he and you receive those special services! And, remember, if disaster strikes you or your family, it is Red Cross who provides disaster relief!

Pay your share of the premium for these assurances. Send your check to American Red Cross, RR#3, Box 3162, Grayling, MI 49738. Today, Please!

Professional Realty Company would like to announce the addition of two new salespeople, Tom Wolf and Gary McClellan.

Tom graduated from Michigan Technological University at Houghton, Michigan in 1973 with an Associates Degree in Property Appraising. A native of Grayford, Tom moved to Grayling in 1975.

Gary is the son of Mr. and Mrs. Jack McClellan, formerly of Grayling. He graduated from Western Michigan University in 1969 with a B.A. Degree in English. He was born in Grayling but was raised in the Grand Rapids area.

Gary, his wife Sue and two children, Billy who is six years old and Kim who is three years old, have lived in Grayling since 1969.

Mr. McClellan taught one year at the Frederic Elementary School, and has been employed at the Grayling High School for the past six years where he teaches in the English department. In addition, Gary has taught in the Adult Education program for the last six years.

Gary is also a member of the George Mason Chapter of Trout Unlimited. He is an outdoor enthusiast.

"Found Free" To Perform At Grayling

"Found Free," a versatile musical group from Philadelphia, will be performing in this area Thursday, September 30th.

These Christian musicians are rapidly becoming one of the most popular groups of their kind.

"Found Free" will be appearing at the Grayling High School auditorium at 7:30 p.m., Sept. 30. Admission is \$1.50 per person.

The group has appeared in scores of public performances at colleges, high schools, conventions, coffee houses and churches all over the United States, in addition to frequent involvement in radio, television and recording.

"Found Free" endeavors to present the best and most up-to-date contemporary Christian music in a package that all ages will find exciting. In addition to their extensive original repertoire, the group performs selections by such artists as Love Song, Andre Crouch and Bill Gaither.

The local performance is sponsored by Good News People.

The Grayling Rotary Club wishes to invite all interested people in the Grayling area to plan to attend the Second Annual "New Rotary Minstrels", to be held Wednesday and Thursday, October 20th and 21st at the Grayling High School, Joseph Stripe Auditorium.

Tickets are now available from all Rotarians at \$2.00 per ticket. They will also be on sale at the door for the same price. The show will start at 8:00 p.m. both nights.

All monies raised will be assigned to the Good Works Fund for the support of Crawford County community events.

AuSable Watershed Council Names Bosserman President

The AuSable River Watershed Study Council elected Willard Bosserman President at their meeting Tuesday, September 21. Their choice for Vice Chairman was Bernard Fowler, Grayling and Jack Trudgeon, Grayling, was elected secretary-treasurer.

Bosserman showed slides depicting projects the council has been instrumental in completing since its inception in 1966.

The slide story is used for the teacher's environmental school conducted in the Ralph MacMullan Conservation School on the north shore of Higgins Lake.

Studies the Council made helped local officials make decisions about green belt zoning, putting in new water treatment plants at Grayling and Roscommon, putting up signs along the river to help canoeists locate themselves. The council's advice was sought by the Michigan Department of Natural Resources in redesigning the campgrounds along the river.

The council members are looking forward to projects in the future. One project discussed was helping to coordinate some of the river clean up during the summer months.

Historical Society to Meet

The next meeting of the Crawford County Historical Society will be at 12:00 noon on Monday, October 4th at the Museum on James Street.

Election of officers will be held. Anyone interested please come. The public is invited.

County Immunization Program

By Harrison Goodhue
County Red Cross Chairman

Some decisions have been made! Some criteria have been established!

The Immunization Clinics will be held first in the Upper Peninsula, then the Northern Lower Peninsula, and finally the more populous Southern Lower Peninsula.

Crawford County has been alerted to be ready to hold Clinics by mid-October. Notice of exact availability of the vaccines will be extremely short, perhaps less than a week, so careful planning and organization is necessary if the program is to be effective.

Crawford County Chapter of American Red Cross has been designated by Mrs. Beverly Wagoner, Coordinator of the Flu Immunization Program of our seven county Health District, to coordinate the immunization activity in Crawford County. Harrison Goodhue, Crawford County Chapter - ARC Chairman has accepted this responsibility.

The American Legion has generously agreed to provide their hall in Grayling for the clinics. The clinics will be held on consecutive days - Tuesday and Wednesday - from 1 p.m. to 7 p.m., and will be open to all eligible citizens, without charge.

There will be two vaccines. Monovalent which is Type A-New Jersey, and Bivalent, which is a combination of Type A-New Jersey and Type A-Victoria.

Young people under 18 will not be immunized at this time unless they are classified as "High Risk" by their physicians due to chronic disease, and their immunization will be done by their physician.

Adults 18 to 59 in good health will receive Monovalent Vaccine normally by the fast, virtually painless, "gun" injection method at the clinics.

Adults 60 and over, in good health, free of chronic lung, heart, kidney or diabetic disease, will be classified as "Group A" and will receive Bivalent Vaccine by syringe injection at the clinics.

Adults 60 and over, not in good health, and individuals regardless of age, suffering from chronic lung, heart, kidney or diabetic disease, will be classified "Group B", and should see their doctors for immunization with Bivalent Vaccine, provided he approves.

The vaccines will be furnished free to physicians for their patients, but, it is up to the physician to decide whether there will be a charge for the injection procedure. The doctor, if he prefers, after approving a patient (Group B) for immunization, may refer the patient to the clinic for the actual vaccine injection. Such approval must be written, however, and signed by the authorizing physician.

The decision to be inoculated against

the potential pandemic of Swine Flu is the personal responsibility of each individual. The use of the term "pandemic" is not an attempt to bounce fancy words around.

Pandemic means world wide, universal disease epidemic of catastrophic proportions. And that is what this virulent Swine Flu is capable of if effective steps to control it are not undertaken.

Many individuals feel that the availability of modern antibiotics and similar disease control procedures would not allow a pandemic to occur. The Medical Scientists and Researchers employed by the U.S. Government to prevent such catastrophes are convinced that if as a Nation we do not undergo the inconvenience of a mass immunization procedure, there is a good chance that a pandemic of Swine Influenza will occur.

So, make your decision! It is your responsibility!

But, pretty soon we will be spreading the word as to which Tuesday and Wednesday in October you can come to the American Legion Hall in Grayling to get a Swine Flu Immunization Shot, without charge, through the cooperation of your Good Neighbors, the Red Cross Volunteers of Crawford County, and the Federal and State Health Departments.

Many volunteers are needed, now. If you are willing to help please phone 348-9606. You will be trained in advance and your cooperation will be deeply appreciated.

Vikings at Charlevoix Friday Bomb Gaylord Blue Devils, 20-6

By Jeff Schrader
Avalanche Sports Writer

Grayling's crushing defense and devastating ground game made Saturday's Homecoming a complete success with a 20-6 victory over the Gaylord Blue Devils.

This Friday night the Vikings will be on the road for the first time this season when they journey to Charlevoix to take on the Rayders in their second Michigan - Huron Shores Conference game.

After a scoreless first quarter, the Vikes scored on a long drive. Will Roach was the leading ground gainer, carrying 5 times, his last carry moving the ball to the Blue Devil 2-yard line. Fullback Al Johnston punched it in from there, making the score 6-0. The extra point attempt failed.

Gaylord took the kickoff and marched the ball into Viking territory but Linebacker Al Johnston forced a Gaylord fumble, and the Vikings recovered at midfield. Grayling's running game, with Roach, Johnston and Mike Money carrying, plus a complete pass, carried the ball to the Blue Devil 5-yard line. With seconds on the clock, a Steve Olsen pass was knocked down by Gaylord's Scott Rich and the score at halftime was Grayling 6, Gaylord 0.

The 2nd half started with Gaylord's Boh McNamara returning the kickoff to the Blue Devil 35 yard line. Gaylord began to move the ball upfield until Grayling's staunch defense along with a 15-yard penalty forced them to kick. Grayling took over on its own 32.

The Vikes ground game asserted itself again, moving the ball steadily until Will Roach finished off the TD drive with a 28 yard run. The point-after attempt was blocked making the score 12-0.

After the kickoff, Gaylord failed to move the ball and was forced to punt. The Vikes ground game proved its potency again moving the ball steadily with Johnston scoring from 2 yards out. A two-point conversion was good and the score was 20-0. Gaylord's only score [See Homecoming on page 15]

Public to Meet On Dog Issue

A Public Meeting will be held in the basement of the County Building at 7:30 p.m., Wednesday, October 13th. This meeting is solely for the purpose of bringing the community, city, county and township officials together to constructively deal with the dog pound problem, according to a spokesman.

An estimate has been given for the construction of a new dog shelter and pound at \$45,000.00. All interested persons are urged to attend.

TREASURE HUNTERS TO MEET—More than 100 members of the Michigan Treasure Hunters are expected for the club's Bicentennial Relic Hunt to be held at the Roscommon-Higgins Lake Safari Campgrounds over the October 1-3 weekend.
 The statewide organization will be searching several different locations looking for old coins, bottles and artifacts of Michigan's past. Items of historic interest will be donated to local societies or the state history division.
 The family oriented club use electronic metal

detectors to find metal and mineral objects buried in the ground. These are extracted with a long screwdriver or trowel-sized shovel and the turf left almost undisturbed, according to club spokesmen. Larger shovels are used when digging in old dumps in hopes of finding bottles.
 In the above photo, Betty and Bruce Pardington demonstrate their metal detector to campground owners Mary and Bruce Jones who display an old bottle and logger's saw they found while building their park.

Bridal Shower

Billie Bovee was guest of honor at a bridal shower on Tuesday evening, September 22 at the home of Mrs. Don Jansen. She was assisted by Mrs. Les Hunter, Mrs. Bruce Smith and Mrs. Jack Trudgeon. Billie received many beautiful gifts. She was assisted with her gifts by Miss Toni Trudgeon.

A dessert of raspberry swirl was served to the twenty-five guests. Candles and gladioli decorated the tables.

District Court

The following appeared in the 83rd District Court before Judge Francis L. Walsh last week:

Richard West, 27, of Imlay City, was bound over to Circuit Court on charges of assaulting, resisting, opposing and obstructing an officer. Bond was assessed at \$250.00 cash/surety. West was arrested by City Policemen July 17.

Alan L. Russell, 21, of Hazel Park and David Flannery, 20, of Berkley were bound over to Circuit Court after given preliminary examination on a charge of carrying a concealed weapon. A \$1,000.00 each personal bond was set. City Policemen arrested them July 23.

Robert Fred Clayfield, 21, of Monroe, waived preliminary examination and was bound over to Circuit Court on a charge of possession of Phenylcyclidine. Bond was assessed at \$1,000. He was arrested July 17 by City Police.

Jennifer B. Herczeg, 20, of River Rouge, pleaded guilty to a charge of unlawful use of Phenylcyclidine and was ordered to pay fine and costs of \$305.00 or 30 days in jail, plus \$100 restitution to county for appointed council. She was arrested by City Policemen July 17.

Charles E. Rivers, 19, and Joseph L. Adkinson, 18, both of Grayling demanded preliminary examination to a charge of larceny in a building. The 12 day period was waived and bond was set at \$1,000 each. They were apprehended on a citizen's complaint September 11.

Roger L. Palmer, 22, of Grayling was ordered to pay \$85.00 or serve 10 days in the Crawford County Jail after pleading guilty to receiving and concealing stolen property under \$100. He was arrested by Sheriff's Deputies Sept. 11.

Eldon C. Baumgart, 49, of Niles was apprehended on a citizen's complaint and sentenced to serve 28 days in the Crawford County Jail after pleading guilty to a charge of larceny by conversion.

David A. Dawson, 33, of Saginaw, pleaded guilty to driving while under the influence of intoxicating liquor. He was ordered to pay fine and costs \$205.00 or 14 days in jail. Sheriff's Deputies arrested him June 26.

Burton T. Watson, 58, of Saginaw, was ordered to pay fine and costs of \$185.00 or 14 days in jail after pleading guilty to a charge of impaired driving. Sheriff's Deputies apprehended him July 11.

David A. Elder, 21, of Bay City pleaded guilty to a charge of reckless driving and was ordered to pay fine and costs of \$85.00 or 10 days in jail. Sheriff's Deputies arrested him Sept. 17.

Jack Van Lent, 17, of Grayling, pleaded guilty to a charge of disorderly person under Grayling City Ordinance #4, uttering profanity. Total fine and costs were \$35.00 or 4 days in jail. He was arrested August 8.

David A. Shively, 20, and Patrick A. McIsaac, 20, both of Grayling both were ordered to pay fine and costs of \$65.00 or 7 days in jail after pleading guilty to a charge of disorderly person. Sheriff's Deputies arrested them Sept. 11.

Donald N. Riness, 57, of Grayling, pleaded guilty to a charge of practicing building without a license. He was ordered to pay \$205 or serve 30 days in jail. He was apprehended on a citizen's complaint Sept. 1.

Artrain Comes To Alpena

The Thunder Bay Arts Council is sponsoring a week long visit of Michigan Artrain. Artrain has been in 19 states and will be touring 14 Michigan communities this year.

The current exhibit, "A Celebration of the Creative American Spirit" is enhanced by the three artists who travel with the train and those of the participating communities. Both groups work together to provide a dynamic display of work, in addition to the Artrain exhibit of early American crafts and folk arts up to contemporary 20th century art.

Artrain will be at the old depot in Alpena, Michigan from Monday, October 11th through Sunday, October 17th. Alpena and Hillman school children in grades 4, 5, and 6 and junior high will tour Artrain during the daytime. Busing for these students is provided by a grant from the Michigan Council for the Arts.

Artrain is free to the general public and is open weekdays from 5 until 8 p.m. and weekends from noon to 8 p.m. Everyone is welcome!

Final Golf Party Held

Sunday afternoon marked the end of the Country Club's Sunday golf parties for the season.

In the Indian summer weather, forty golfers enjoyed scrambles. Winners for low score were the teams of Melvin Nielson's and Dale Pettengill's and Tom St. Germain's and Bruce Smith's with a 33. The team of Pettengill and Nielson came in with 11 putts. Chip-ins were scored by Dale Pettengill and Liz Vajda. The team of Smith and St. Germain were closest to the pin on number 5 with their third shot and John Harland made the longest putt on number nine.

Charcoal grilled steaks were accompanied by potato salad, baked beans, rolls and relishes. A birthday cake, appropriately decorated with golf flags and clubs was presented to Shirley Bendig in honor of her birthday. She served the cake to the group.

The afternoon's festivities were arranged by the committee consisting of Al and Helen Schrems and Dwight and Dolores Cary.

GRAYLING, MICHIGAN — THURSDAY, SEPTEMBER 30, 1976

From Our Corner...

Now that Grayling High School's Homecoming weekend is over, there shouldn't be one disgruntled alumni that went through school wearing green and white —

The weekend was perfect, as mother nature graced our town with her magic touch of autumn — Coach Smith was honored — a new king and queen were selected, and the local gridders put the coup de grace on your favorite editor's alma mater, which we felt fellas it could have been 7-6, instead of 20-6, then I wouldn't have had to take so much static Saturday at Bruce's party.

Speaking of the party, we are not going to extol on it, simply because there were too many lies told during the evening — and we certainly do not want to tarnish our corner's image.

† † †

We had a visit with Russ Wright at the game Saturday, who also, just recently was put out to pasture, like Bruce, and he stated he looks in on our corner now and then and wanted to know who this T.J. is that is sometimes mentioned here. When we told him the bigger bosses full name, all he remarked as he left was I see why it's T.J.

If you are wondering why we brought all that up, all we can say is we hope we didn't bore you too much — but, with those 2 fellas who we have known for some 30 years — we are envious. We hope the gate to the pasture is still open when we are able to enter.

† † †

Idle Thought: Would a community chest (or whatever they call it) be better than individual drives for money to support the several organizations helping mankind? We do not know the answer, but would be interested in hearing any comments, pro or con, so we could pass them on to our readers.

The Avalanche has always, and will continue to support the individual organizations in their endeavor — our only thought is, it seems like one drive gets over with, and another starts —

October is Red Cross Fund Drive ... Be a Good Neighbor — Belong.

have a nice weekend...

Born to Mr. and Mrs. Allen Stephan, Tuesday, Sept. 22, at Mercy Hospital a 7½ lb. girl. She has received the name of Kristine Sue.

"Spoke" MacNeven and Glen Penrod were fishing again. This time it was for perch in the Upper Peninsula.

Little Miss Nancy Burns returned to her home in Traverse City after spending some time with her grandparents, Mr. and Mrs. E. R. Burns. Nancy has a new sister born to her parents Mr. and Mrs. Gerald Burns in Traverse City on September 18. She has been named Sandra Elaine and weighed 6 lbs. 6 ozs. at birth. Sandra's grandparents (maternal) are Mr. and Mrs. H.E. Farrington of Lansing.

Mr. and Mrs. Stanley Rutkowski are enjoying a visit from the former's mother, Mrs. Katherine Rutkowski of Gaylord, the latter who is 97 years old. Mrs. Alex Weaver of Carlton visited at the Rutkowski home a couple of days last week.

Clare Burns has entered U. of M. to study for his masters degree in Accounting.

Mrs. William Lenkowski drove her daughter Charlene to Grand Rapids Sunday where she attends St. Mary's Academy. Mrs. Signe Randolph accompanied her and stopped off in Cadillac to spend a week or so with her daughter, the Stanley Stephens.

Mr. and Mrs. Richard Snyder and daughter Peggy of Bay City spent the weekend visiting the Oscar Hanson cottage at Lake Margrethe. "Dick" with daughter, Peggy, and Nancy Wilcox spent Saturday at the St. Helen Hunting Club.

Mr. and Mrs. Newton Skillman were hosts to a number of friends at dinner last Thursday evening at their cabin on the main stream.

Bill Kinkarter who is attending college at CMCE, Mt. Pleasant, spent the weekend at his home here.

Mrs. Irving McIsaac, Mrs. Bernard Hall and Mrs. Theodore Calahan were co-hostesses at a stork shower honoring Mrs. Donald Bobenmoyer at the home of the former Tuesday evening of last week. There were 21 guests present and the guest of honor received many beautiful gifts. The hostesses served a very lovely lunch.

46 YEARS AGO
October 2, 1930

The first snow flurries of the season were seen in Grayling on Tuesday afternoon — very light, but nevertheless, snow! Frank Ingles, age 37 years, an

employee of Grayling Manufacturing Co., lost his life Monday, when he attempted to start the kitchen fire with gasoline.

Elmer Ostrander was delightfully surprised at a birthday party in his honor at the home of his brother, Charles. It was his 68th birthday.

Michael John Sheehy, aged 81 years, passed away at his home here this morning after a six month illness. He is survived by his widow, two daughters, Mrs. Nola Laurant and Miss Odie, and two sons Curry and Reginald Sheehy.

Mr. and Mrs. Arthur Clough are happy over the arrival of a daughter, born Tuesday morning.

Mr. and Mrs. Alfred Hanson accompanied by Miss Irene McKay left Wednesday for Boston to attend the American Legion convention.

School Notes: Senior Class officers: President, Jerome Kessler; Vice President, Karl Sherman; Secretary, Loretta Sorenson; Treasurer, Mildred Hanson.

Junior Class officers: President, Brad Jarmin; Vice Pres., Irene Randolph; Secretary, Helen Sorenson; Treasurer, Marie Brown.

69 YEARS AGO
October 3, 1907

A freight train wreck on the Lewiston Branch near Buck's last Thursday causing considerable delay and distributed a lot of lumber along the track for some distance. The excessive rain had softened the road bed, so it could not stand the pressure of the heavy train.

Last Saturday the two cent fare rate went into effect on all the railroads in Michigan.

County Clerk Colleen and wife with the two youngest are taking their first real outing for a number of years.

The old Salling Hanson Co. Mill is being so changed that its oldest friends would not know it. The circulars are being removed and a most complete and modern band mill is taking their place.

The Ingles Home at Frederic was struck by lightning last week during a bad storm, doing a lot of damage to the house. A snake which had taken refuge in the cellar was stunned. Members of the family escaped injury.

George Miller's Boy, 4 years of age, fell and broke his arm last Friday night.

After a long illness, the infant daughter of Robert Brown of Frederic, died.

Charles Armstrong and Mrs. Wilcox of Frederic both lost horses within the past week.

The Bible Speaks

From Calvary Baptist Church

A Tribute to Honesty

Seldom do we find a good word to say for religious liberals. It reminds me of the lady who never said anything bad about anybody, and someone asked her opinion about the Devil. She replied, "One thing you will have to say for him, he is faithful in what he does."

The late Dr. K. Lake, a liberal religious scholar formerly teaching at Harvard University, deserves a compliment for his truthfulness in describing Fundamentalism. In his book "The Religion of Yesterday and Tomorrow" we read:

Fundamentalism, "Is simply the 20th Century restatement of the historic Christian Faith coupled with a militant defense of the Faith and an exposure of all anti-Biblical systems. It is a mistake often made by educated persons who happen to have but little knowledge of historical theology, to suppose that fundamentalism is a new and strange form of thought. It is nothing of the kind; it is the partial and uneducated survival of a theology which was once universally held by all Christians. How many were there, for instance, in Christian churches in the 18th Century who doubted the infallible inspiration of all Scripture? A few, perhaps, but very few. No, the fundamentalist may be wrong; I think he is. But it is we who have departed from the tradition, not he, and I am sorry for the fate of anyone who tries to argue with a fundamentalist on the basis of authority. The Bible and the corpus theologicum of the Church is on the fundamentalist's side."

Most liberals are not as honest as Dr. Lake. They try to deceive their people by saying they believe the Bible just as the Fundamentalists do, BUT they interpret it differently. They may or may not believe in the virgin birth, BUT even if they do, it is not an important issue to them. They may believe Jesus Christ died on a cross at Calvary, BUT they do not believe His death is their only hope for forgiveness of sins. They may even say they believe in the resurrection of

Jesus Christ, BUT they "spiritualize" this term to mean something totally different than the literal, bodily resurrection that is taught in the Bible.

Most people are unaware and therefore uninterested in the drastic differences between liberalism and fundamentalism. It is seldom that we hear liberal scholars who are honest enough to admit that fundamentalists are closer to the Bible and historic Christianity than they are. Liberals share one thing in common, they have substituted human wisdom for the Word of God. They always stress unity, love and reason above truth, even the truth of the Bible.

All of us have been influenced concerning religion by our parents, friends, early religious training, church ties and other such influences within our environment. The only way you can know that your religious beliefs and associations are in God's will is to pray and read God's Word, the Bible. (adv.)

HEATING
Heatwave
AIR CONDITIONING

features

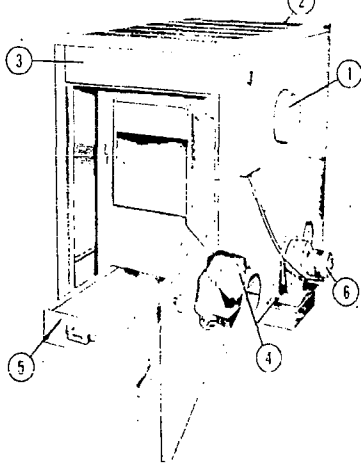

1. REAR FLUE OUTLET — Allows greater location flexibility and decorator effects. Standard 6" stove pipe can be used for vent to approved flue or chimney.
2. TOP CHIMNEY — Quick disconnect to expose heat exchanger and thermostat for ease of cleaning.
3. CABINET — Constructed of heavy gauge steel with double air insulated bottom. The finish is Dark Brown, oven baked enamel with gold finish trim. Stove mat or protective floor covering is recommended for all combustible floors.
4. TEMPERATURE CONTROL — Automatic air intake allows air control of burning rate.
5. ASH PAN — Located directly below the grates. Handles on both ends for easy ash removal.
6. OPTIONAL BLOWER PACKAGE — Manually controlled for forced air heating comfort. Blower plugs into 115/1-60 volt grounded outlet.
7. OPTIONAL AUTOMATIC "DRAFT-O-STAT" barometric control for steady, even draft. Takes the place of the old tighthead hand damper. Maintains an absolute consistency of draft regardless of varying weather conditions, thereby enabling the heating unit to burn fuel more efficiently and with resultant increased economy.

SERIES "WH" WOOD HEATERS

A new Wood Heater Model WH-100 from "HEATWAVE" — Suited to today's need for supplemental or primary heating in case of power failure or fuel shortages. Should provide clean, even heat for four rooms of average size.

Thermostatically controlled air intake automatically closes down if the fire gets too hot. As the fire begins to cool the damper opens to allow more oxygen into the fire box. You use less fuel and keep a more even and longer burning fire.

Large fire box is fire brick lined and has heavy log grates for long life expectancy. Grate and fire bricks are factory installed.

OBITUARIES

Services Held For William Jensen, 80

William Jensen, 80, of Grayling passed away Tuesday, September 21, at Mercy Hospital. He was born March 24, 1896 in Grayling and was a lifetime resident. He formerly worked as a caretaker and in a hardware store. He was a member of the Michelson Memorial United Methodist Church, a Life member of Grayling Lodge 356 F&AM, being a 50 year member, and a member of O.E.S. Chapter 83.

Survivors include his wife, Margaret; two sons, Robert of Union Lake and Donald of Aspen, Colorado; one daughter, Mrs. Martha Austin of Grayling; one sister, Mrs. Johanna Gorman of Grayling and nine grandchildren.

Funeral services were held at the Michelson Memorial Church Friday at one o'clock with Rev. George Spencer officiating. Interment was in Elmwood Cemetery. A Masonic Memorial Service was held Thursday evening at Sorenson Funeral Home.

Serving as pallbearers were James Failing, John Failing, Floyd Millikin, Keith Austin, Clifford Babbitt and Forrest Annis.

Monday Services For Eugene McKnight, 70

Funeral services were held Monday at one o'clock at the Michelson Memorial United Methodist Church for Eugene N. McKnight, 70, of Grayling who passed away Thursday, September 23, at Mercy Hospital. Rev. George Spencer and Rev. Glenn Frye officiated and interment was in Elmwood Cemetery.

Mr. McKnight had been a resident of Grayling for six years, moving here from St. Clair Shores. He was a member of Michelson Memorial Church. He was born October 29, 1905 in Roscommon.

Survivors include his widow, Gladys, one daughter, Mrs. Geraldine Duncan of Roseville; three sons, Gerald Wysocki of Mt. Clemens, Robert Wysocki of Mt. Clemens and Thomas Wysocki of Mt. Clemens; one sister, Mrs. Geraldine Howard of Ann Arbor; 16 grandchildren and five great-grandchildren.

Nephews and grandsons served as pallbearers.

Former Resident Dies In California

Word has been received from Hemet, California of the death of Leo Koepfer, on Monday, Sept. 20, at the age of 76. He was an employee of Dore Mfg. Co. in Grayling during the 1940's. He and his wife, Gladys, were residents of Lake Margrethe for many years before moving to Grand Rapids and then to California. He is survived by his wife and three brothers.

Friends who may wish to send condolences can reach Gladys at 1455 So. State St., Space 360, Hemet, Cal. 92343.

Infant Succumbs

Graveside services were held at Oakwood Cemetery, Frederic, Friday, September 24, for Gordon Wayne Armstrong, Jr., two month old son of Mr. and Mrs. Gordon Armstrong, Sr. of Lake Margrethe, who passed away Wednesday, September 22, at his home. Rev. Robert Taylor officiated.

The infant was born in Grayling July 3, 1976. He is survived by his parents; a sister, Darlene; the paternal grandparents, Mr. and Mrs. Alfred Armstrong of Frederic; and the maternal grandparents, Mr. and Mrs. Thomas Meilen of Detroit.

Camp Shawono

Citizens Advisory Action Council Meeting held on September 1st.

Present: Sister Chrysostom, Lauren Shively, Julia Kroll, Richard Lattimer, Bill Ellingboe, Camp Council Members (Darryl, Dick, Barry, William, and Bill) and Mr. Hazen.

Mrs. Kroll explained new GED set-up. Each week boys testing for new subject and so boys are doing much better. New boys moving into program in the middle a problem being worked on. Accumulative chart for success of GED program is to be developed starting with volunteers as of May, 1975.

July awards banquet report from Mr. Hazen. Summer activity weekend awards were given at banquet as well as vocational and educational awards. Trophy went to Dorn 4. Turnout of parents and visitors was very good - around 30 visitors.

Mr. Hazen reported that the camp brochures are being printed by the state and should be ready for mailing soon.

Mr. Lattimer made up a logo for the t-shirts and logo will also be on the new camp stationery for both camps. The t-shirts have been ordered. Mr. Hazen requested that we delay the award banquet due the first Sunday in October until the t-shirts are ready. T-shirts are light blue and logo dark blue. Will notify the council when t-shirts come in so they can then plan the date for the award banquet.

There was an election of a chairman pro-tem, with Cal Knowles being elected and Richard Lattimer as substitute. Mr. Lattimer has already served two one year terms as chairman. Lauren Shively was elected as executive secretary after being formally accepted as a member.

Sister Chrys reported that she will be re-doing the bulletin boards and get them out into the public again.

Mr. Hazen reported that the Governor's CAAC filled their vacancy with someone from Traverse City, but Mr. Demsey's Commission has a vacancy and were to come up and interview Cathy Kraus at their next meeting.

Mr. Hazen gave the monthly statistics for August. Camp is full and there is a waiting list of at least 10 referrals. In August there were 13 truantries, 5 of which were returned within 24 hours; 14 home visits; 10 admissions; 5 releases and one transfer. 7.6 months average length of stay for boys released in August.

Mr. Hazen announced that a new short order cooking course started on weekends. It is a 10 week course. This gives the boys a chance to choose what they want for their meal. This is for experience in fast food service and will give the boys more of an opportunity for employment on release. Menu variety is fairly extensive. The idea for course came from the staff team. The boys prepare on Saturday for the Sunday meal. Age factor important in this course as so many boys are too young to work in factory, welding, etc. at time of their release. This program would give at least 40 boys some training in fast food service a year.

Mr. Hazen also announced that the Service Station Attendant course has dropped the on-campus experience and that on-the-job training is to work in a week or so in a garage rather than a gas station, for the second phase of the course. The first phase is of course classroom work. Boy would work 5 hours a day for 2 days each week and will be paid for his work by the garage.

Mr. Hazen announced that through Mr. Jack Alef the Indiana Governor's wife and a party took a tour of the camp facilities when the Guard were here at Camp Grayling. They were very interested in our program. Mr. Lattimer suggested a follow-up, as he felt Indiana could use some of the ideas and successes we have had in the juvenile treatment plan.

There was a general discussion including the camp council boys regarding the way to handle problems and whether they feel they are here for punishment or for help. Statements were made that we should find ways to help boys deal with problems for life in the 6 months average they are here. Not here for punishment but to deal with problems through staff help. Attitude of case worker before boy comes to camp helps determine whether the boys feel he is here for punishment or for help. Public should be made aware that this is not a punishment placement. Popular public opinion is that juvenile program should be a criminal type treatment program. In reality the youth must learn that if they refuse to stop "acting out" there will be consequences. It was commented that social pressures are also on adults to conform as well as juveniles — pressure to join or be picked on. It was also noted that groups can be used to do things in a positive rather than only in a negative way. It was discussed on boys learning how adults resolve their own hang-ups.

The boys from the council reported there was an unusual amount of horseplay lately. Boys bored with same routine all the time. At the present the shortage of staff hindered for outings. Crisis situations must be dealt with first. Off ground trips (rock hunting for lapidary, camping and fishing trips, etc.) take second place. Volunteers could be used for this type of activity if willing. The recreation program is voluntary. It is an integral part of the staff to be involved in recreation. Individual staff does what they are interested in. Program fluctuates with staff. Camp council to help on some program and be given some responsibility in carrying them out.

A suggestion was made to invite people from the community to attend CAAC meetings just for clarification of camps' purpose. Each month someone different, picking them from the various professional and business people in town.

Mr. Lattimer is to start working with the boys interested in bowhunting and get volunteers to come out and give instruction and practice sessions to get ready for the hunting season.

It was requested that a typical weekly schedule of the campers program be made up for the council members to see how the time is set up for the boys.

Next council meeting scheduled for Tuesday, October 5th.

Bits O' Talk

by Fay Bovee
Mr. and Mrs. York Edmonds of Pueblo, Colorado, arrived in Grayling on Saturday to spend until Wednesday visiting their aunt, Mrs. Rosa Christenson and other friends and relatives. They had spent the previous week with his brother and wife, Mr. and Mrs. Rufus Edmonds, in Flint. On Tuesday evening they enjoyed dinner with a cousin, Eunice Schreiber, on the Mainstream of the AuSable.

Your Vote would be appreciated for Beaver Creek Township Clerk. Virginia Millikin.

Mr. and Mrs. Bob Gorman (nee Joyce Schreiber) of Grand Rapids spent the weekend camping in the Grayling area. They also visited their aunt, Mrs. Rosa Christenson.

JACK GRETZINGER, left, C.O.O.R. Intermediate School District Superintendent, receives \$1327 from Melvin McKeon, president, Association for Retarded Citizens, toward the proposed R.O.O.C. Workshop.

Summer or Year Overseas Available to Area Students

Families in 24 countries in Europe, South America and the Far East are eager to welcome teenagers from the Crawford County area into their homes as part of the Youth for Understanding International Student Exchange program. "This is an excellent opportunity for high

school students between the ages of 15-18 to experience life in another country," said Executive Director Philip Yasinski. Youth for Understanding, headquartered in Ann Arbor, Michigan, is planning to send over 2000 United States students overseas next June for a family living experience lasting a summer or a year.

"We offer students," said Yasinski, "a unique way to turn their ideas and ideals inside out for examination and re-examination."

"Students who have gone abroad on our program to Japan, Brazil, Switzerland, Germany and other countries have come back with new insight and attitudes. They have done a lot of growing and maturing in a few short months. While gaining new independence and maturity, they have met new and interesting people, visited historic places and have become familiar with another language."

Youth for Understanding is looking for high school students from the Crawford County area who are interested in participating on an intercultural exchange program. For more information, interested students are urged to contact Mrs. Robert Bovee at 348-7017. The deadline for applications is April 1st.

Youth for Understanding is a non-profit educational organization which cooperates with and receives an annual grant from the U.S. Department of State. Youth for Understanding is dedicated to fostering greater international understanding by making it possible for young people to have an overseas family living experience. Since its inception in 1951, the program has exchanged more than 50,000 U.S. and foreign students in 50 countries worldwide.

Organizations and citizens in the four county area of Roscommon, Crawford, Ogemaw and Oscoda are being urged to buy a "piece of the R.O.O.C." The R.O.O.C. being referred to is the R.O.O.C. Sheltered Workshop for handicapped persons. The workshop is now housed in a former elementary school building at St. Helen. A drive is underway to raise funds for a proposed larger facility.

The C.O.O.R. Area Association of Retarded Citizens, headed by Melvin McKeon, is spearheading a drive to raise \$40,000. The money will be local match for a \$162,082 Department of Vocational Rehabilitation grant that the C.O.O.R. Intermediate School District has received.

Purpose of the money will be to construct a 7200 square foot building for the R.O.O.C. Workshop for handicapped persons in the four county area.

The proposed location of the building is in Roscommon across from the Intermediate district main office.

The association recently raised more than \$650 at a banquet held to open a six week fund raising drive. Chairman of fund raising is Ralph Sperry, West Branch.

McKeon last week presented checks totaling \$327 to Jack Gretzinger, Intermediate Superintendent for the project. Gretzinger said the amount received toward the goal totals approximately \$3,500.

Sperry said that fund raising plans include - approaching township and county governments, local clubs and organizations, churches and the general public assistance.

Special activities are planned for the drive including the sale of rocks painted by handicapped persons.

The proposed workshop could serve a minimum of 150 persons with additional skill training areas for the handicapped.

The present facility serves 60 handicapped persons, some of whom are being trained for employment outside of the center. Besides skill training, the workshop also sells rummage and industrial rags, assembles plastic toys and offers job placement.

The association first opened a center for retarded children in the area in April, 1970. Five persons attended the center the first day.

Contributions to the campaign are tax deductible and may be made to the R.O.O.C. Building Fund care of C.O.O.R. Intermediate School District, Roscommon, MI 48853.

C.O.O.R. administers and manages the R.O.O.C. Workshop.

Open meeting law is good news

The Michigan Legislature has adopted a broad open meetings bill, and that's good news for the public.

Under the new law, very few meetings of any public bodies may be held behind closed doors; this is a new sunshine law, meaning let the sun shine in.

The widest loophole at early glance seems to be an exemption from the open door for collective bargaining strategy sessions and negotiations meetings. Of course, it's questionable if meaningful bargaining could be accomplished in an open meeting, with the taxpayers looking on and the television cameras grinding away. But this is one exemption we'll have to keep an eye on.

Another exception will be partisan caucuses in the legislature; again, this could be subject to abuse by the office holder, but hopefully we can keep an eye on this one too, and if it's excessively misused in the next few years, maybe the legislature will close the loophole.

Other exceptions involve disciplining or dismissing students or employees; consultation with attorneys on pending litigation; reviewing employment applications; and discussing an option to purchase land. The exceptions for these purposes, in my view, seem rational and proper. Few problems should develop there.

Other than those loopholes, according to reports of the new law, all meetings of public bodies in Michigan must be open to the public, and that's good.

And that takes in everything from the township or village level, through cities and counties and school districts, right on up to the state and all its agencies, including the legislature.

Under the law, either the local prosecuting attorney general can take action against a government body which closes its doors. Failing such action — or as an alternate — any citizen can take up the legal cudgels, too.

The open meeting law received as

close to unanimous support in the legislature as any substantive measure likely will receive these days. Only three senators and seven representatives voted against it. I would bet many others would have preferred to vote against it, but voting for secrecy in government is not the most politic course to pursue.

An important point to remember is that the new law opens meetings for the public, and not just for representatives of the press. Any member of the public, not just reporters, can attend government meetings.

The fact of the matter, however, dictates that the public will stay away from government meetings in droves; they usually do. One reason is that many citizens and taxpayers depend on the press to represent them at government meetings; that's one of the most important responsibilities that the press undertakes.

The new law is not essentially a pro-media law, although most organizations of media people favor it. The purpose of the law is to permit the public to keep an eye on how their governments operate at all levels.

One of the 10 legislators who opposed the bill thought it was unnecessary.

"We do have problems with secret meetings, but I think we have a bill of overkill here," explained Sen. Alvin J. DeGrow of Pigeon.

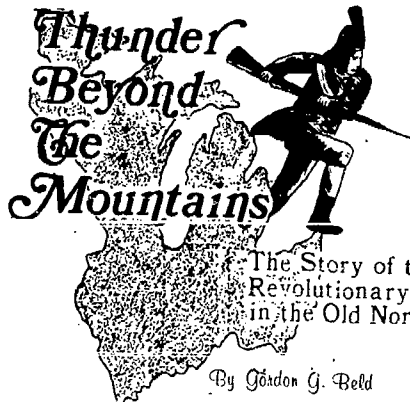

"The answer to secret meetings is vigilance by the news media."

I'd agree 100 percent with Sen. DeGrow on the responsibility of the media to be vigilant and alert. In fact, even the new open meeting law — as inclusive as it appears to be — will not be effective unless members of the media pursue the role of vigilance. Sen. DeGrow assigns them. It's in the nature of most of us — public officials included — to seek out loopholes in law if such exist.

So vigilance by the media certainly is needed to promote the public interest. But the new law is going to help, too.

The Story of the Revolutionary War in the Old Northwest
By Gordon G. Beld

Because of the importance of the Mississippi and Ohio rivers in the communication - transportation network of the Old Northwest during the Revolutionary War, it seemed logical that a fort constructed at the point where the two great waterways met would be a valuable asset. But a year after George Rogers Clark built Fort Jefferson at that location, the stronghold was abandoned.

Virginia Governor - Patrick Henry had advocated in 1777 that a fort be built there to help in encouraging trade and co-operation with the Spanish at New Orleans. In 1779 Clark echoes the view that a fortification at the mouth of the Ohio would be the key to trade in the West. After gaining control of the Illinois country in 1778, Clark had kept a gunboat at the junction of the rivers so as to control both of them. He contended that a fort at this location would make it possible to keep in check the Chickasaw Indians of the region and English settlements on the lower Mississippi.

In the confidential orders that he gave to Clark prior to the 1778 expedition that wrested control of key western outposts from the British, Henry suggested that cannon from Kaskaskia could be used to defend a fort at the Ohio-Mississippi juncture.

After Thomas Jefferson became governor of Virginia he, too, advocated the erection of a fort at the strategic location. He envisioned it as one of a string of fortifications along the Ohio that would help to defend the western settlements and keep the trade route to New Orleans open.

Early in 1780 the British were beginning to regain influence with many of the tribes of the Northwest who had been swayed toward the rebels when Clark captured Henry Hamilton at Vincennes. This, combined with reports of an impending British effort to regain control of the Illinois country settlements, strengthened the view that a strong base at the Ohio-Mississippi juncture was needed. Thus, on April 14, 1780, Clark started out from Louisville on a mission to build the long-proposed structure. He spent three weeks exploring the region where the two great rivers met and then decided to place the installation, which he named Fort Jefferson, at a point on the Mississippi five miles below the mouth of the Ohio. The spot, known as the Iron Banks, is at present-day Wickliffe, Kentucky.

Virginia officials encouraged settlers to move to the vicinity of the fort so that they would be available to help build it and supply its garrison with food. During the summer, while Clark was in what is now Ohio leading an assault on the Shawnee Indians, Fort Jefferson was attacked by a band of Choctaw and Chickasaw braves led by a Scotsman named Colbert. During a six-day siege of the fortification, many of the 30 defenders under Captain Robert George were suffering from sickness and they had little food. Their principal source of nourishment was unripe pumpkins. Water and ammunition were also in short supply when, on the sixth day of the siege, George and Colbert met in the fort under a flag of truce to discuss terms of surrender. They could not reach an agreement, and as Colbert was leaving, he was reportedly wounded by a shot from an Indian ally of the rebels. That night the Choctaws and Chickasaws stopped their assault and attempted to storm the fort. They were repelled when raked by a discharge of grape shot from a cannon in one of the blockhouses. Shortly after the Indians finally withdrew, a relief force from Kaskaskia arrived.

Illness also affected the villagers and they were further discouraged by the loss of their livestock and destruction of their crops in the Indian raids. Consequently, most of them left to establish themselves in new locations in the Illinois country or farther down the Mississippi. In June of 1781 the fort and village were abandoned.

Memory Training

"I have decided," said the senator to his secretary, "to train my memory." "What system will you use?" she asked curiously. "I don't know," replied the lawmaker. "I'm looking for one that will enable me, when I'm interviewed, to remember what to forget."

John North Rejoins EMTA

BAY CITY—The East Michigan Tourist Association has announced the return of John North to the staff of the travel promotion organization.

North suffered a heart attack a year ago and comes back to the EMTA as Director of Publications. He will also handle the publicity news service of EMTA issuing weekly news stories, fishing reports and monthly calendars of events and festivals.

A veteran television and radio newsman, North is a member of the Midwest Travel Writers Association, Michigan Outdoor Writers Association and Organization Executives of Michigan. He had served the EMTA for seven years prior to his illness.

Newest project of the EMTA which North will edit is the 1977 Sportsman's Guide, a complete informational catalog for fishermen, boaters, hikers and campers. The 48-page guide is expected off the presses in February, 1977.

Fall Color Tour Guide Available

BAY CITY — A first for East Michigan, a recommended fall color tour guide, has been published by members of the East Michigan Tourist Association in Bay City.

The colorful brochure describes and maps six recommended tours ranging from 125 miles to 280 miles in length. All 28 counties served by the EMTA are included in one or more of the tours.

Starting points for the three northern tours are Gaylord, Alpena, Midland, Mt. Pleasant, Houghton Lake and Tawas. This year, these tours are expected to be at their peak from the last weekend in September through the first two weeks of October. The communities of Gladwin and Houghton Lake have locally guided tours on October weekends.

In the southern half of East Michigan starting points for three tours include Birch Run, Harbor Beach, Lapeer, Lansing, St. Johns, Brighton and Jackson. Peak color season runs through October for this portion.

The guide folder includes a full highway map of the region plus individually marked maps for each tour with scenic highlights described.

James H. Hall, EMTA executive vice president, stated that the new folder is a new travel marketing project supported by members of the EMTA, county and local government with the Michigan Travel Commission cooperating.

The guide is available without charge from the EMTA Log Office, Bay City, Mich., 48706, telephone 517/895-8823.

Bits O' Talk

by Fay Bovee

Ernestine Church took her son, Steven, back to school at Michigan State University and then went to Grand Rapids and picked up her daughter, Carleen Dane, and her new grandson, Erik Keith. They visited for a week and Mrs. Dane's husband, Brian, picked them up over the weekend.

Pauline Roberson has returned from a two week vacation visiting her daughter, Faye Slusser and family, in Chicago, Illinois and another daughter, Betty Short and family in Bracey, Virginia. She also visited friends and relatives in Henderson, North Carolina. The trip was compliments of her children and she had a wonderful time.

Your Vote would be appreciated for Beaver Creek Township Clerk, Virginia Millikin.

David Hunter, who is enrolled at Ferris State College, spent the last two weekends with his grandmother, Matilda Hunter.

Saturday luncheon guests of Mrs. Eva Jeanne Smith were Major Cal Winters and his wife, Jet, who were interested in seeing Jeanne's new cabin on the AuSable and pronounced their approval. They invited Jeanne to visit the Officer's Club at Camp Grayling for the afternoon, where they had lots of fun reminiscing. In the evening, they were joined by Donald Smith. Jet Winters presented Jeanne with a copy of her new Cook Book, just published, and Jeanne was happy to see four of her own Swedish recipes in it. In the evening the two couples visited Kitty and Junior Pellegrini and Mrs. Pellegrini's sister, JoJo Terrell, who was visiting from Detroit.

Editor's Mailbox

Sept. 20, 1976
Crawford County Avalanche
To The Editor:

I read in last Thursday's Avalanche dated Sept. 16, that the Michigan State Police has sent a letter to the Grayling Road Commission in regards to installing a blinking light at the intersection of Roberts Road and North Down River Road. In my opinion, this is an excellent idea. Perhaps, eventually a stop light will be installed at this same corner in the not too distant future. Also if I may, I would like to suggest going a few steps further in order to make this particular corner or area somewhat safer for all concerned.

How about clearing away a little more brush, obstructions, etc. around the vicinity of the intersection. These vision hindrances off-time prevent a clear view of on-coming traffic from several different directions. As it is now in its present condition, in many cases a driver must pull his or her vehicle almost into the intersection in order to see the approaching traffic. This maneuver in turn hinders the ability of the driver of the on-coming traffic to make a left hand turn in front of the vehicle already halted at the intersection. A prime example of this situation occurs at the Southeastern corner of the intersection enclosed by the cyclone fence.

As many of us know, several serious accidents have already happened in the immediate vicinity of this intersection and anything that can be done to lessen chances of future accidents should be attempted. An effort should be made.

While I am at it, I would like to mention the concrete bridge located on North Down River Road just a few hundred feet east of Roberts Road. This is another dangerous accident-inviting construction. Shouldn't something be done in order to alert drivers to the presence of the bridge? Approaching the bridge from either direction is hazardous. To say the least, especially at night. Is it possible to paint the ends of the bridge with a fluorescent paint or maybe attach reflectors or reflective decals to the bridge ends? Anything to draw peoples' attention to the narrow bridge.

I live approximately a mile north of this intersection on Roberts Road, and I cross these areas many times during the week.

AND ON

Saturday, October 2, 1976

8 A.M. TO 5 P.M.

As provided by Section 498, Act No. 116, Public Acts of 1954 As Amended.

For the purpose of REVIEWING the REGISTRATION and REGISTERING such of the
qualified electors in said COUNTY as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of
registration, and entitled under the Constitution, if remaining such resident, to vote at the
next election, shall be entered in the registration book.

ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

UNREGISTERED PERSONS NOT ENTITLED TO VOTE

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. TRANSFER OF REGISTRATION, APPLICATION, TIME

SEC. 506. A registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Transfers shall not be made after the 30th day next preceding a regular or special election or primary election, unless the 30th day shall fall on a Saturday, Sunday or legal holiday in which event registration transfers shall be accepted during the following day.

TRANSFER OF REGISTRATION ON ELECTION DAY

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village and had not recorded such removal with the local Clerk shall execute a transfer of registration request, listing the new residence address thereon over his signature, with the election board in the precinct in which he is registered at the next ensuing primary or election. The inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and, if the signatures correspond, then the inspector shall certify such fact by affixing his initials upon said request. The applicant for transfer, after having signed an application to vote as provided in Section 523 of this act, shall then be permitted to vote in such precinct for that primary or election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

Area Hunting Report

[By Skip Madsen]

This coming weekend, October 1st, opens archery season for deer and also rabbit season. It should be a good opener for both. The deer hunters will find a good deer population and most people in the field say they are seeing a good percentage of nice bucks this year.

The rabbits are thick everywhere so there should be a lot of action in that department.

The Grouse hunters have been quite successful this past two weeks in spite of the thick underbrush and extremely dry conditions. Everyone seems to be seeing a goodly number of partridge and woodcock even if they can't always bring them down, they're getting some shooting in.

Waterfowl season opens at 12 o'clock on October 6th this year, and don't forget you need a state duck stamp. You may purchase this from any Michigan Licensing Agent. The price is \$2.10.

Good Hunting,

"Michigame" New Lottery

"Michigame", the Michigan Lottery's new 50 cent weekly game, went on sale Tuesday, September 28, replacing the old standby "green game".

The game is completely new, although some of the attractive features of the old "green game" have been retained.

"Michigame" offers better odds, more winners and increased simplicity. Pertinent information relating to winning in "Michigame" is carried on the front of the ticket. Basically, there are three ways to win, based on the selection of the winning numbers each week.

One 2-digit winning number and one 3-digit winning number will be selected each week. Each ticket contains a 2-digit number and a 3-digit number.

Matching the winning 2-digit number wins \$5, which is paid in cash by any lottery sales agent.

Matching the winning 3-digit number earns the ticket holder a \$50 prize plus entry into a pool from which the contestants for a subsequent Million Dollar Drawing will be selected. The prize must be claimed at a Lottery Claim Center. The winner will be sent a check and the check stub contains an "elimination number" for the next Million Dollar Drawing.

Matching both the winning 2-digit number and winning 3-digit number on the same ticket earns the ticket holder a chance to compete for big money in the lottery's weekly television show — "Super Play". The minimum prize is \$2,000 and the top weekly prize is \$100,000. The \$100,000 winner returns the following week with a chance to repeat, meaning one person could collect — \$200,000 or \$300,000 or more.

The odds of winning are reduced to 1:100 overall because of the low prize of \$5. That's 2 1/2 times better than the old "green game". The odds of winning \$50 are 1:1,000 and the odds of qualifying for Super Play are 1:100,000.

Details on the new television show will be announced in advance of its scheduled debut on October 21.

The procedure used in selecting the ten finalists for each Million Dollar Drawing is similar to the original procedure for the old 50 cent game. Every \$50 winner will receive a check for that amount, and the check stub will contain a five digit "elimination number". When a sufficient number of winners have been paid, a drawing will be conducted to determine the ten finalists.

The 50 cent game subscription system, in which members can buy tickets in advance for up to a year, currently has about 200,000 members, all of whom will be converted over to the new "Michigame Club" automatically. Instead of being assigned two 3-digit numbers permanently, the members who wish to participate, will be assigned one 2-digit number and one 3-digit number.

Gigantic Rummage Sale

There will be a gigantic rummage sale at the Senior Citizen Center this week, Wednesday through Saturday, September 29 through October 2.

It will be held in the new maintenance building next door to the Center from 9:30 a.m. until 4:30 p.m. all four days. Agnes Nelson and her helpers will be there to assist you in your purchases, so come early and take home a bundle.

Free Firewood Available

Gov. William G. Milliken reminded Michigan residents Friday that the Department of Natural Resources maintains a free firewood program.

"In this time of energy awareness, this program by the DNR's Forestry Division is an effective way for people — especially in northern lower Michigan and the Upper Peninsula — to supplement their conventional heating systems," Milliken said.

Milliken said that free firewood is available in all state forest areas. Individuals are requested to first check with a DNR field office to obtain a permit. Most of the material is already dead, trimmed from trees or otherwise specified by the DNR as eligible for the firewood program.

"Those citizens taking advantage of this program are reminded that they must first obtain a permit from the DNR and also must provide their own saw and do their own cutting," Milliken said. "But since most of the state forest lands in northern Michigan are accessible by automobile and since wood costs between \$20 and \$40 a cord when purchased, this state program still represents a bargain for those willing to spend time cutting it themselves."

Further information concerning the free firewood program is available by calling the DNR offices in Lansing, Cadillac, Roscommon, Mio, Gaylord, Escanaba, Newberry, Marquette or Baraga.

Baby Shower

Mrs. Carleen Dana and son, Erik Keith, of Grand Rapids, were guests of honor at a baby shower Wednesday, September 22, at the home of Beverly Lowrie. Mrs. Lowrie's daughters, Karen Cook and Gerrie Lowrie were the co-hostesses. Twenty-two ladies were present. Games were enjoyed and a lovely lunch was served. The baby received many lovely gifts. Needless to say, he was the life of the party and the center of attention.

Dems Meet

The last regular meeting of the Crawford County Democrats was called to order by Chairman Steve Rison, Thursday, Sept. 16th. The meeting was held in Lovells with several people from that township in attendance.

A committee was formed to organize Francis Brouillette's campaign in Crawford County. Howard Schmidt and Dean Welch were chosen to serve on that committee.

Several local candidates were present and introduced themselves to the group. Those candidates and the office they are seeking are: Curt Haas, Sheriff; Bud Hunter, Register of Deeds; Larry Mattis, County Commissioner; Dean Welch, 103rd District Rep.; Millie Harmer, Frederic Twp. Clerk and Rodney Hinkle, Frederic Twp. Constable.

The next meeting will be held Thursday, Sept. 30, at 7:30 p.m. in the Maple Forest Twp. Hall.

Moose Chatter

by Clarence Tetting
Many of our brothers from other lodges and their families are taking advantage of this fine fall weather to travel and have been stopping in to make us a visit.

Brothers, Bob Fender, Floyd Williams and Ed Sturdivant had a good time in Canada and report that the fishing was real good.

Don't forget, Glen's Market tapes are being saved, plans for our new lodge are coming right along, the enrollment on October 24th. Get those candidates and applications in.

I understand that the Women of the Moose are having a big day on October 16th, at which time the Grand Regent, Betty VanHeck and other chapters will be guests here. Good luck ladies.

Remember we have live music on Saturday nights. Our old stand-bys, Chuck Gabriel, Don Danoroff, Joe Lawe and the Wright twins are back. Come in for an enjoyable evening.

Our next Legion of the Moose breakfast is set for October 17th. Breakfast is at eleven o'clock. The meeting will be right after the breakfast.

The next regular meeting of the Moose is this coming Friday night, October 1st at 8:00 p.m. It's great to be a Moose. Support your lodge.

Alumni News

By Clara Sorenson
Membership

We observed our 25th year in 1951, the Class of '55, with Superintendent Frank Bond, organized the G.H.S. Alumni Association. Our first Alumni Banquet was held in the old gymnasium when I was elected the first President. I am a 100% product of Grayling schools, having my beginning at the South Side School when Mr. Sweeney was janitor. My husband, Robert, matches my record of K - 12, as do my 4 children, all G.H.S. Alumni. I served terms as President in 1952, '53, '60, '61, '74 as Membership Chairman (Chairperson?) many years, willingly. President number 2 was Robert Welsh, '41. He had his total schooling here. He was married to Barbara Miller and raised 2 daughters, one a graduate of G.H.S. He served in 1954 as president. Bob was deceased in 1974. Barbara preceded him. We remember them with fondness.

President number 3 was Earl Gierke, '28. He went all the way through the system and became one of our most respected teachers. He attended CMU where he received his Bachelors, Masters and Special Degrees. He began teaching in 1934, in Grayling in 1946.

He retired in 1967 from G.H.S. He served in 1955, as president. His classes in Typing and Business addressed and folded and glued thousands of envelopes and letters for our mailing. Earl was an enthusiastic teacher, president and class advisor of the Class of '57 - ask them. (Incidentally, they are already into plans for the '77 Reunion).

We are paying for transportation for our Senior Alumni this year. They deserve the extra consideration, so they will be bussed to and from the Alumni Dinner. After all, every one of us may someday appreciate this service. Nice gesture.

CARD OF THANKS

To those who expressed their sympathy in so many beautiful and practical ways during our recent bereavement, we extend our heartfelt thanks.

Ernest Hoesli

Bride Elect

Ms. Betty J. Madsen and Mr. Howard R. Madsen of Grayling are pleased to announce the engagement of their daughter Sandra Marie to Steven Patrick Moore son of Mrs. Walter Brozowski of Grayling and the late Mr. Bruce Moore of Rochester.

The wedding is planned for October 16, 1976.

Safe Dieting

Beware of fad diets. Diets that concentrate on a limited number of foods or types of foods may actually be harmful. The best diets for reducing are those that restrict calories yet contain a well-balanced variety of foods allowing for three meals a day.

Transportation Information Centers

The Michigan Department of State Highways and Transportation will hold a series of public information sessions to discuss the existing and future transportation systems for the Northeast portion of Michigan's Lower Peninsula. These sessions will be held at the following locations:

November 1, 1 p.m. to 9 p.m., Alpena. Alpena Shopping Center, Arcade, Chisholm Street, Alpena, MI.

November 2, 1 p.m. to 8:30 p.m., Rogers City. Rogers City City Hall, Council Chambers, 193 E. Michigan Ave., Rogers City, MI.

November 3, 1 p.m. to 8:30 p.m., Cheboygan. City Hall, Council Chambers, Huron & Backus St., Cheboygan, MI.

November 4, 1 p.m. to 8:30 p.m., Atlanta. Lewiston State Bank, Community Room, Main Street, P.O. Box 406, Atlanta, MI.

November 5, 1 p.m. to 9 p.m., Gaylord. Gaylord State Bank, Community Room, 123 W. Main, Gaylord, MI.

November 8, 1 p.m. to 8:30 p.m., Mio. Oscoda County Court House, Commissioners Room, Mio, MI.

November 9, 1 p.m. to 8:30 p.m., Harrisville. Alcona County Building, Lobby Area, Main and Fifth Street, Harrisville, MI.

November 10, 1 p.m. to 8:30 p.m., Grayling. Crawford County Court House, Lobby Area, Michigan Avenue, Grayling, MI.

All centers will open at 1 p.m. The purpose of these sessions is to provide all interested parties an opportunity to present their views on existing and future requirements for all modes of transportation in the northeast area. These centers will also provide citizens the opportunity to become better acquainted with the planning process that will be utilized in developing improvement plans for the transportation system.

Representatives of the department will be available at each of the sessions to discuss the transportation planning process and specific citizen concerns.

Additional information may be obtained by contacting: Jack E. Morgan, Manager Public Involvement Section Michigan Department of State Highways and Transportation, P.O. Box 30050, Lansing, MI. 48909 or

This One?

A heckler accused a well-know

politician of being two-faced.

Without hesitation or change of

expression, the politician calmly

replied, "I leave this to the

audience. If I had two faces,

would I be wearing this one?"

Notice To Bidders

Sealed bids will be received by the Board of Crawford County Road Commissioners, P.O. Box 567, Grayling, Michigan 49738 until 10:00 a.m., Oct. 1, 1976 at which time and place the proposal will be publicly opened and read for:

It was recommended that a copy of these notices should be sent to the Planning Commission, by the Department of Natural Resources.

Report was received on an intensive water quality study of the South Branch of the AuSable.

Child & Family Services of Michigan, Inc. requested help in their work in caring for teenage girls from Northeastern Michigan, close to their homes, in their girls' residential treatment facility. This was tabled for more information.

Michael J. Norris, with an Associate Degree in Law Enforcement, asked for employment. This was referred to the Personnel Committee.

Francis Brouillette, Congressional Candidate, recommended that action be taken at the polling place opposing establishment of a Nuclear Waste Disposal Site in Northern Michigan. Commissioner Lowrie advised the Board that a Public Hearing on nuclear waste disposal will be held in the Onaway High School on October 21st from 4:00 to 7:00 p.m.

Northeast Michigan Manpower Consortium notified the Board of staff openings within their office, in accordance with their by-laws.

Michigan Association of Counties notified the Board that their dues for 1977 will be \$1,560.00.

NEMCA notified the Board that their agency has been awarded the Foster Grandparent Program.

Governor Milliken advised and encouraged all employers to list their job openings in MESCO's Job Service, in an effort to put Michigan's unemployed back to work.

Mental Health Services asked for direct payment to the County Treasurer for county charges for mental health.

Muriel Clark, President, and Rodney Parker, Executive Director, of NEMCOG met with the Board and distributed digests of their work plan for the coming year. Their budget request was \$3700.00, which is 1% of their total budget.

Recess for lunch.

Commissioner Joseph LaGrow now present.

A delegation of approximately 30 people met with the Board and presented a petition signed by 180 people expressing dissatisfaction with the way the Animal Control Officer and his Assistant are handling their position, and asking for them to be replaced. All testimony was taken on tape and also presented in writing by each individual. The Board explained to the people that they had investigated all complaints, and that they would continue to investigate to the fullest extent. The present facility is inadequate, but it is inspected each month by the State. An officer is on duty 24 hours a day.

Jack Gretzinger, of the COOR Intermediate School District, talked to the Board about the R.O.C.C. Workshop at St. Helen for mentally retarded and physically handicapped persons. He asked for help in the new facility for the workshop, which they are constructing in Roscommon County. This was tabled pending examination of the financial situation in this county.

John Keir met with the Board regarding the lake level of Bradford Lake. Crawford & Osego County Drain Commissioners held a joint meeting to set up the boundaries for an assessment district on the above lake. He advised them that certain things would have to be done before the hearing, and the Board assured him that the law will be followed to the utmost.

The Board went into a closed meeting to discuss the Animal Control operation.

MOTION by LaGrow, second by Welch, that we suspend all Animal Control operation as of this date, and that the Animal Control Officers be laid off indefinitely, also that a committee be appointed by the Chairman of the Board to thoroughly investigate and assess the ACO situation in the County. Roll Call: All Aye.

Chairman Kauffman appointed Dean Welch a committee of one to investigate the Animal Control situation.

The following letters are being sent to the Animal Control officers Certified Mail, Return Receipt Requested.

"This letter is to advise you that the Board of Commissioners has indefinitely closed down the Animal Control Section.

As a result of this action, you will be laid off indefinitely. Please return all County equipment to Mr. Charles Easterly at the County Building as soon as possible."

The following letter is being sent to Jerry Morford, City Manager.

"This letter will serve as notice that the Board of Commissioners have indefinitely closed down the operation of the Animal Control Section. A thorough review of the present Animal Control situation will be conducted and after careful review, it will be determined to continue or permanently discontinue the operation of the County Animal Control Section.

In the interim, the assistance of the local law enforcement officials will be required to answer animal complaints."

The Chairman recessed the meeting until Tuesday at 9:00 a.m., September 14, 1976.

YOUR WEEK AHEAD By DAMIS

Forecast Period: October 3 to October 9

ARIES Mar. 21-Apr. 19 Entertainment in the home of organizations and friends could create a great deal of family involvement.

TAURUS Apr. 20-May 20 Uranus in Scorpio opposes your sun. There may be a clashing of wills. Try to see the situation from the other person's point of view.

GEMINI May 21-June 20 A time for improving the health and well being of the family through introducing new foods and a change in dietary pattern.

MOONCHILD June 21-July 22 Much correspondence this week — on the phone and via the postman. Exercise in making promises or agreements.

LEO July 23-Aug. 22 Focus on financial affairs. Thoughts may turn to seeking more lucrative employment, or to increasing skills that would enhance earnings.

VIRGO Aug. 23-Sept. 22 You have a great deal of confidence in your ability to get the message across and feel a strong urge to speak your piece.

LIBRA Sept. 23-Oct. 22 You'll find friends and co-workers sharing their innermost secrets with you. Stay free of involvement in shady deals.

SCORPIO Oct. 23-Nov. 21 Thoughts turn to how to make the organization or association more adaptable in serving the needs of humanity.

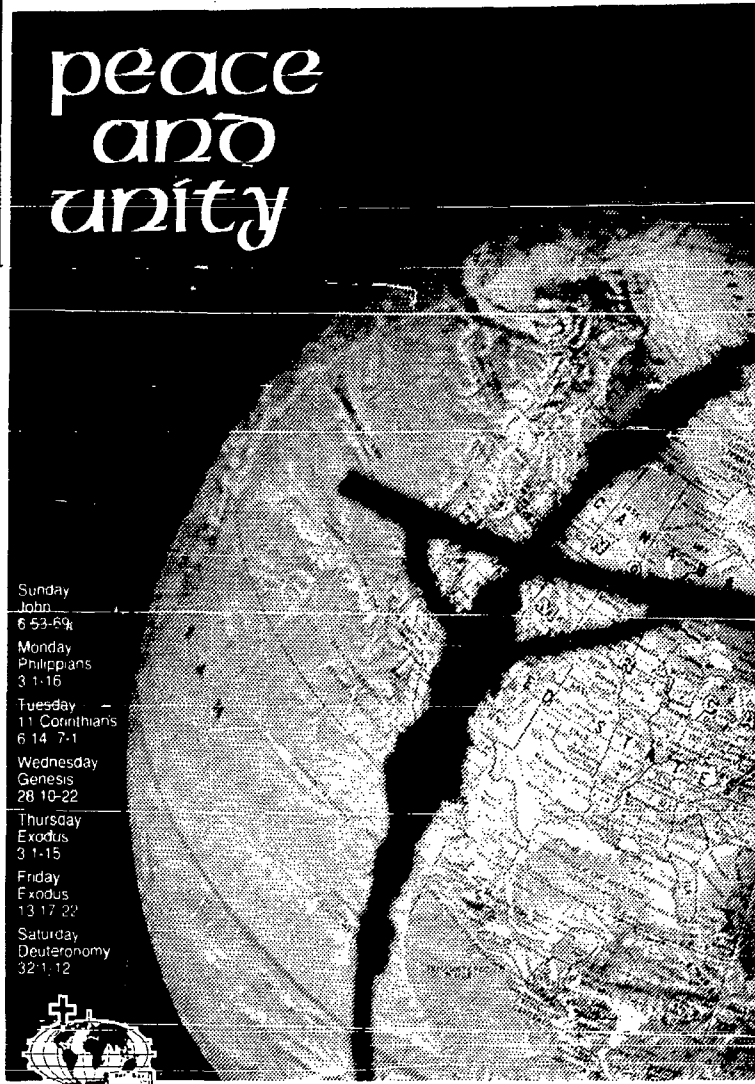

SAGITTARIUS Nov. 22-Dec. 21 A good time to initiate action in seeking more knowledge or education. You feel a need for some means of providing career advancement.

CAPRICORN Dec. 22-Jan. 19 Planetary configurations indicate an awakening interest in religious or philosophical matters. Such studies will be gratifying.

AQUARIUS Jan. 20-Feb. 18 Intuitive experiences come on strong. Take advantage of any enlightening thoughts. Important information comes your way.

PISCES Feb. 19-Mar. 20 Responsibilities getting you down? Take heart — it will soon pass. Be cooperative...a cool head and high aspirations pay off.

Attend the Church of Your Choice

Ideally, men should be brothers. But it doesn't always work that way. Race, language and sometimes even a difference in ideas can be a barrier. Throughout the world, there is a force that unites man. Always the Church has proclaimed the dignity of each person, as well as the true meaning of togetherness. We especially need that unity today. On Worldwide Communion Sunday, go to church and pray for tolerance, for understanding. Join with the millions who will be praying, even as you are. These are the things that make for peace.

Sewage Disposal Research in South Branch

By Willard Bosserman
County Extension Director

A project has been undertaken to install and study the performance of new methods of disposing of sewage from individual homes. One system was installed at Tom Dale's home in South Branch Township September 15.

This installation was the last of three to be installed in the research project. All of the systems being investigated have been used in other states and have proven beneficial. The project is an attempt to evaluate the systems under Northern Michigan conditions and to provide installations in Michigan which can be used for observation and demonstration purposes.

Two of the sites are within the faculty housing on campus at Kirtland Community College, the third site is the one at Tom Dale's.

The project is funded by Title V monies, which I was able to obtain through the Cooperative Extension Service Resource Development department.

The system installed at the Dale home is with ozone treat-

ment. The installation involves the use of ozone gas which can be generated from the oxygen in the air for treating septic tank effluent. This system involves a second tank beyond the septic tank which is used as an ozone contact chamber. A special ozone generator which converts oxygen in the air to ozone is used at the site and ozone is funneled into the contact chamber. The ozone is expected to serve a dual purpose of treating the septic tank effluent. Ozone is a rapid oxidizing agent and will chemically decompose organic matter. It is also a disinfectant and will kill bacteria which are present in the effluent. The ozone contact chamber has been located between the standard septic tank and drainfield at a faculty home.

It will be monitored to determine the energy input required to run the ozone generator and to determine the quality of the effluent which can be produced with such a system. The main goal of the ozone system is provide a cleaner effluent which most certainly would prolong the life of a drainfield. It is conceivable that the ozonation process might produce an effluent which would be clean enough for discharge to a small backyard pond, but that will have to be determined only after testing of the system.

The other two systems involve a recirculating sand filter which cleans the effluent before it enters the drainfield. The filter has specially selected sand to help remove phosphorus. The sand has a high percentage of calcium.

The third system is a pressurized mound system used

where the water table is close to the surface. It also has calcareous sand which removes phosphates.

All three of the home sewage disposal systems being installed are considered to be in the research and the development stage. They are not currently recommended for routine installations but have promise for future use after they have been tested.

The goal of these systems is to help prevent pollution of lakes and streams where septic systems are used.

Dr. Ted Doud, Assistant Professor Agricultural Engineering, MSU is project leader. John Gerrish, Assistant professor, Dale Thompson, Graduate Assistant, MSU and myself are project personnel.

The Health Departments from both Crawford and Roscommon counties, and Kirtland Community College are cooperating. Tom Dale, Kirtland, will do some of the monitoring with the help of his students. We will keep you informed of the progress.

DONATES TO FUND DRIVE—Donald Borchers of Grayling, who is employed at the ROOC Workshop in St. Helen, donated \$10.00 of his earnings to the building fund. This generous donation should encourage local businessmen to contribute to this worthwhile cause. The present building which houses the ROOC Workshop at St. Helen is overcrowded and a goal of \$40,000.00 has been set for a new building. The Workshop employs handicapped persons from the four-county area comprising Roscommon, Oscoda, Ogemaw and Crawford Counties.

Mr. and Mrs. Earl Nelson returned home on Monday after spending several days visiting at the home of their son, Robert Nelson, in Pontiac, and their granddaughter, Mr. and Mrs. Bud Wease, in Royal Oak.

Mr. and Mrs. Erwin Lange of Leesburg, Florida were the guests of the Earl Nelsons during the week of Sept. 4th.

Your Vote would be appreciated for Beaver Creek Township Clerk, Virginia Millikin.

Mr. and Mrs. George Granger spent from Thursday to Sunday at Green Bay, Wisconsin visiting Mr. and Mrs. Ben Batchlor. Mr. Batchlor was a fraternity brother of George's at Michigan State College.

Mr. and Mrs. Lyle Johnson and Gary spent the weekend in Flint visiting their daughter, Mr. and Mrs. Bernard Leighton and son. On Friday evening, they accompanied Mr. and Mrs. Leighton to Southfield where they all attended the wedding reception for their nephew and cousin, Charles Mattison, and his bride, the former Deborah Jacobson, at the Armenian Cultural Center. They missed the wedding ceremony, however, due to car trouble.

S.S. Checks

(Continued from page 1)

Sunday, but many people had to wait until Monday to cash the checks. The new policy will eliminate that inconvenience, Mr. Averill said.

The delivery of SSI checks will not be affected by the new policy.

Social Security pays monthly retirement, disability, and survivors benefits to eligible workers and their families. The supplemental security income program makes monthly payments to people with little or no income and limited resources who are 65 and over or blind or disabled.
